Why do you want to serve on the Executive Committee?

Without students, the university would not exist. Without classified employees, the university would not function. Classified employees serve the faculty, staff and students in a wide variety of roles that are essential to daily operation. Classified employees clean bathrooms, process payroll, and help students enroll in classes and access the many services they need to be successful.

Classified employees provide vital services to campus while following many policies, procedures and practices. Their input into administrative governance is both valuable and necessary to the success of the intuition. This is why I want to serve on the Executive Committee. I want to be a voice for my colleagues and represent them to create positive change, solve problems, and spark new ideas that benefit the UW-Madison community.
